

.....I would like to tell you why I like sailing so much. To me, sailing is the best part of the summer. I like the wind and the waves. I like to hear the sounds of nature and the voices of my friends and family. I love the way the rudder and the sail work together to allow me to control the direction of the boat. Sailing is an active sport and I like that about it. ....

Sincerely,

Mary Drake

Thanks for inspiring Mary's love for sailing!

Many blessings,  
Nancy

"Kind words can be short and easy to speak, but their echoes are truly endless."

- Mother Teresa
